# WORK EXPERIENCE

#### **Programmer (Full-time)** Southern California Coastal Water Research Authority

07/2019 - Present

Costa Mesa, CA

China Lake, CA

Achievements/Tasks

- Develop and maintain website applications to streamline the quality control data submission process for partner agencies. Design, build, and maintain the organization's data management system (cloud databases, servers, etc.)
- Collaborate with the scientists to apply statistical techniques to derive insight from environmental data.
- Develop interactive dashboards/data tools/web apps to share insights with managers, clients and researchers from Southern California's wastewater treatment, storm-water management, and water-quality regulatory agencies.
- Supervise student interns in the execution of technical tasks to support project objectives.
- Create training datasets, train models and develop AI iterative process for computer vision using YOLO object detection algorithm.
- Develop custom chatbots by fine-tuning Large Language Model for stakeholders to interact with data.

### Mathematician (Full-time)

Naval Air Weapons Station China Lake Department of the Navy

02/2022 - 07/2022

Achievements/Tasks

 Due to Non-disclosure agreement, I am unable to provide specific details about my duties. In general terms, I contributed to research and development efforts to support weapons and systems of the Navy.

# PUBLICATIONS AND CERTIFICATIONS

Work-related journals and technical reports that I co-authored are available on my website. https://www.duyanguyen.com/#publications

### **AWS Certified Developer**

- Orange County, CA
- in linkedin.com/in/duy-nguyen-8155b3b4

# TECHNICAL SKILLS

Programming: Python (Pandas, Numpy, Scipy, Matplotlib, Scikit-learn), R, MATLAB, SQL, HTML, CSS, JavaScript (React.js, D3.js, Chart.js)

Web Development: Shiny, Flask, AWS, Docker, ArcGIS SDK, AWS SDK, OpenAl API

Databases: PostgreSQL, NoSQL, MongoDB, Extract-Load-Transform (ETL), Microsoft SQL Server

Version Control: Git/GitHub

# **EDUCATION**

Master of Science: Software Engineering (GPA 4.0) (08/2023 - 05/2025) California State University, Fullerton

Master of Science: Applied Mathematics (GPA 3.94) (08/2019 - 01/2021) California State University, Fullerton

Bachelor of Science: Mathematics (GPA 3.60) (08/2016 - 08/2019) California State University, Fullerton

# WORK PROJECTS

Illicit Discharge Detection and Elimination Program (partnering with Orange County Public Work) (05/2024 - Present)

 Real-time monitoring approach that has the potential to improve managers' ability to detect illegal dumping activities

California Estuarine Marine Protected Area Monitoring Program (07/2019 - Present)

• The California Estuarine Marine Protected Area Monitoring Program is an ongoing effort to assess the quality and condition of estuaries statewide.

Southern California Stormwater Monitoring Coalition Program (07/2019 - Present)

• The Southern California Stormwater Monitoring Coalition is a regional partnership of 16 stormwater management agencies working to develop solutions to regional challenges in stormwater management.
